Parking

We understand that the car park is a resource valued by all parents. It is the intent of these procedures to make the car park an efficient and safe part of the school. We encourage the use of our Kiss and Drop zone at all times unless parking is absolutely necessary.

Pre-K Parking

There are 10 parking spots that are marked in blue for Pre-K parents only. Access to these marked parking spots is available **only to Pre-K parents** between the hours of **8:00am** and **8:45am** and again between **2:45pm** and **3:45pm**. Pre-K parents will be given a clearly marked blue permit by their child's classroom teacher on the first day of school. Please note that this permit allows you access to this range of parking spots, it does not guarantee a parking spot. Only cars with these permits may park in the designated parking spots in the restricted hours. Staff on duty will be ensuring these parking spots are only used by permit holders. To ensure that these parking spots are available to as many parents as possible, we require that they are occupied for a maximum of 15 minutes, giving you time to walk your child to the classroom, give a brief goodbye and return directly to your car. If you wish to park for longer, please use the surrounding streets. The 15-minute time span does not allow time for children to park in the playground.

Kindergarten Parking

There are no designated Kindergarten parking bays, however, for the first few weeks of term, parents of Kindergarten children may wish to use the 'Visitors' parking bays in the car park in order to walk their children to the internal Junior School gate. To ensure that these parking spots are available to as many visitors as possible, we require that they are occupied for a maximum of 15 minutes to give a brief goodbye and return directly to your car. If you wish to park for longer, please use the surrounding streets. It is desired that the Kindergarten students will be ready for the Kiss and Drop zone by the end of Term 1. We invite you to use the Kiss and Drop zone as soon as your child is comfortable with this procedure.
